FROZEN-FIRST

PRAWNS | LOBSTER | CRAB

PRICE ON REQUEST

A trading brand of Linda's General Lda | Chimoio, Mozambique

Tel / WhatsApp: +258 86 713 8933

BUILT FOR REPEAT PURCHASING

A supplier promise buyers can test

The brand is designed around the four controls that reduce uncertainty in cross-border frozen seafood supply.

01 Documented origin

Approved supplier and lot information, with the agreed origin and health documents for each shipment.

02 Specification control

The quoted format, grade, net weight, glaze and pack configuration are confirmed before order acceptance.

03 Cold-chain care

Frozen-first handling with route checks, temperature records and a defined exception process.

04 Responsive service

One account owner, written milestones and a practical claims and corrective-action process.

OPENING RANGE

Six buyer-ready product formats

- **PRAWNS** — Whole raw | tails / peeled options
- **LOBSTER** — Whole spiny / rock | tails
- **CRAB** — Whole | sections / clusters

This catalogue is an invitation to qualify, sample and quote. It is not a fixed-price list or an unconditional statement of product availability.

FROZEN-FIRST PRODUCT FAMILY

Prawns

Frozen formats for seafood counters, chef-led kitchens and value-added foodservice applications.

LCS-P01

Whole raw prawns

Head-on, shell-on. Size/count grade, net weight, glaze and master carton are confirmed by quotation.

BEST FIT Retail seafood, hotels, restaurants

LCS-P02

Prawn tails / peeled options

Shell-on tails or peeled formats may be offered subject to approved supplier availability and buyer specification.

BEST FIT Foodservice, ready-to-cook lines

Crustacean allergen. Any sulphite treatment, scientific name, production/catch method and final label declarations are confirmed for the lot.

FROZEN-FIRST PRODUCT FAMILY

Lobster

Statement products for hotels, restaurants, events and selected premium retail programmes.

LCS-L01

Whole spiny / rock lobster

Whole raw frozen. Exact species, origin evidence, size range, pack and availability are confirmed by lot.

BEST FIT Hotels, restaurants, events

LCS-L02

Lobster tails

Raw frozen tails. Weight range, trim, glaze, inner pack and master carton are confirmed by quotation.

BEST FIT Premium retail and chef kitchens

Illustrative category wording only. Exact species and legally required product naming must match the approved supplier and shipment documentation.

FROZEN-FIRST PRODUCT FAMILY

Crab

Versatile whole and portioned formats for retail seafood, buffets and restaurant menus.

LCS-C01

Whole crab

Whole raw frozen. Exact species, size range, pack, origin documentation and availability are confirmed by lot.

BEST FIT Retail seafood, buffets, restaurants

LCS-C02

Crab sections / clusters

Shell-on sections or clusters. Cut, count, pack, net weight and glaze are agreed in the product specification.

BEST FIT Foodservice and restaurant kitchens

Crustacean allergen. Cooking state, freezing method, shell condition and all final label statements must follow the approved lot specification.

FROM APPROVAL TO RECEIVING

Control the product at every hand-off

The planned operating standard below is activated only when the route, shipment documents and buyer requirements have been confirmed.

1

Approve

Supplier, product and specification evidence checked.

2

Prepare

Pack, label, lot code and shipment file assembled.

3

Protect

Frozen loading, reefer checks and logger activated.

4

Clear

Export, origin, import and customs documents reviewed.

5

Receive

Temperature, quantity, condition and lot recorded.

BUYER DOCUMENTATION PACK

Product specification | lot and packing information | invoice and packing list | origin and export health documents as applicable | import permit and clearing documents | temperature record | claims contact

Frozen products should be maintained at the agreed deep-frozen temperature through transport, storage and distribution. Product-specific requirements are confirmed before shipment.

SIMPLE TO START. CONTROLLED TO SCALE.

Your path from enquiry to repeat order

Tell us the product, format, delivery point and timing you need. We will return a specification-led, price-on-request proposal.

01 Enquire

Share product, format, approximate volume, delivery point and required date.

02 Specify

Agree grade, processing, pack, label, storage and documentation requirements.

03 Sample

Approve product and evaluation criteria before the pilot where required.

04 Quote

Receive price, validity, minimum order, payment, route and lead time.

05 Pilot

Confirm permits and execute a controlled first shipment.

06 Repeat

Review service and move to a forecast-led ordering cadence.

QUOTATION CONFIRMS

Species and product name | grade / count | processing | pack and net weight | glaze | origin documents | price and currency | delivery basis | minimum order | payment | validity | lead time

Pricing: price on request

Commercial terms, delivery dates and availability become binding only when confirmed in an accepted quotation or supply agreement.

BUYER ENQUIRIES

Start with your next seafood brief.

Tell us the product formats, approximate volumes, delivery points and approval process. We will prepare an indicative specification, sample plan and price-on-request quotation.
